## RepoMax has developed a high profile auction program Commercial Loan Recovery Process

### Maximum Capital Recovery for You!

At RepoMax, we will maximize the commercial loan recovery process for you our client, better than any other company in the Michigan Market.

We pride ourselves in being one of the top troubled commercial asset specialists. We know how to quickly develop a marketing program which will allow us the opportunity to drive that asset's maximum capital recovery potential, at one of our sales, which will lead to a faster and greater cash recovery for you.

RepoMax will solve your problems by minimizing your losses. We know what it takes to get the most capital return on a troubled asset which will intern allow you to get it off your balance sheet in the quickest time possible.

One of the major reasons for RepoMax's successful track record is that we have implemented the use of the most advanced technology and have an innovative professional work force of Marketing and Sales Professionals.

Every asset is unique in its challenges, benefits and selling points. From our nationwide network of resources, we select an appropriate team of experts to match each asset's challenges.

By putting our innovative Professional work force of Marketing and Sales Professionals in place fast, allows us the ability to provide you insights into that asset's real financial situation. This empowers you to make informed, intelligent decisions, and to rapidly move forward to maximize your capital recovery.
